Re: Saverio Piacente

Sal has been a valuable asset to Professional Dealers School. We conduct training programs for casino supervisors in specific games. Sal has been able to make them aware of what might happen at a table that they are supervising. He is most knowledgeable in all aspects of game protection.

Sal is a loyal and dedicated employee who makes an extra effort to perform at the highest level.

I have experienced few employees with the industriousness of Sal. I can only give the highest recommendation for his employment.

Yours Truly,
