315 Francisco Street  
Henderson, NV 89014  
United States

Dear Sal:

On behalf of the entire trade show and conference staff of the World Gaming Congress and Expo, I wanted to take a moment to thank you for participating in this year's conference program.

Judging from all of the phone calls and comments we received during and after the show, attendees felt that the calibre of seminars, and of course speakers, were better than ever. The majority of people we have spoken to said they left the conference more knowledgeable on various topics facing the gaming industry today then when they arrived. We hope that you are pleased with the outcome of your seminar as well.

Now that the '98 conference is completed, it is time to forge ahead and begin the initial planning of the conference program for World Gaming '99. Enclosed, please find a Seminar Proposal Form. Although we cannot guarantee that all proposals will be included in the '99 schedule, we would truly welcome your thoughts and ideas for seminar topics, speakers and ways to further improve the program as a whole.

In order to ensure the most comprehensive program with all seminars included in our printed materials, the deadline for seminar submissions, along with possible speakers, is **WEDNESDAY, DECEMBER 16TH**. Please photocopy and complete a new form for each topic that you would like to be considered.

Once again thank you for your participation. It is due to your efforts that we are proud to say that the 1998 World Gaming Congress and Expo was such a big success!

Best regards,

Caryn Cammeyer  
Conference Manager
